

## 2024 Waukegan Men's League

This year, we will again have two leagues. The Early Birds play each Wednesday with tee times starting at 1:00 pm and the Late Leaguers play each Thursday with a shotgun start beginning at 5:30pm. League play will begin on May 29th for the Early Birds, and May 30th for the Late Leaguers, and will continue for 13 weeks ending on August 22nd. We will again jump right in with competition play for the first week like last year. Both leagues end with a 4:00pm scramble on August 22nd followed by a Banquet and Awards ceremony in the Barn. The League Dues for the 2024 season will again be \$50.00 per player and each player is responsible for any weekly green fees and/or cart fees outside of those that are covered by your Membership if applicable.

All players must have an official handicap or have participated in last year's league play so we have your league average to start the year. If you are new to the league and you do not have a GHIN handicap, we request that you submit a minimum of three attested scores before being allowed to compete in league play so we will have a realistic starting handicap for you. During the season we will use each player's league scores to update their league handicap.

There will again be a team head-to-head point quota format this year and the head-to-head component will be based on a two-man combined point quota tally. You will be competing directly with a different team each week. To that end, quotas will be adjusted weekly to factor in each team's performance from the prior week. The team with the highest point total at the end of season will be declared the league champion. By virtue of this format, it is not necessary to "hole out" each player's ball as no points can be gained after bogie is reached. Each person may choose their own partner, or you may contact the Pro Shop and we will try to put you in touch with any other players that also need a partner. USGA and local rules govern all league play.

Please remember that entering either league as a player constitutes an implied 13-week commitment. Let's all make the effort this year to take the course with all teams represented by at least one player. Each team is responsible for securing a substitute if one or both team players must be absent for a given week. The Pro Shop will try to help you by giving you the names of possible subs, but we cannot guarantee we will be capable of making all the arrangements. Please notify the Pro Shop if anyone on your team will be absent so we can let potential subs know there is an opening. **You must let the Pro Shop know, at least 24 hours before the start of play.** If a substitute is chosen that does not have an established league quota, the substitute must have a USGA GHIN handicap to compete. If any team feels that the stated handicap of a sub was inaccurate the Pro Shop will review the scores and have final say on whether it was accurate, and adjustments will be made.

Everyone who played last year will be given priority this year until April 15th. Your form and League Dues must be received by this date. After April 15<sup>th</sup>, we will begin to take on new teams, and you may lose your spot as a league participant.

# Men's Twilight League Application
